ABOUT SHEMA SCHOOL

SHEMA School is an educational institution that focuses on promoting and honing on creative thinking, talent development, practical skills, values formation and character building.

OUR PHILOSOPHY

SHEMA School recognizes God as the Essence, the Means and the Meaning of true education. Guided by our five principles that true education must be: God-centered, Wholistic, Practical, Innovative, and Synergetic.

SHEMA School focuses on promoting and honing on creative thinking, talent development, practical skills, values formation and character building. This is most effectively achieved through the triumvirate partnership of the home, church and school.

OUR VALUES

Service to God and Man, our Mission
Honesty, our Principle
Excellence, our Drive
Motivation, our Style
Adventure, our Pursuit

KEY EVENTS 2019: A WALK DOWN MEMORY LANE

Term 1: Sports Day at Shema School

It was super exciting to engage in sports with our very enthusiastic children and what's more? Everyone went home with a medal

Term 2: Music concert

Music Day also featuring Sauti Africa was a

basket full of fun!

Term 3: A visit to Nairobi National Park

A date with nature is the best gift we can gift our children with. It was an adventurous way for our little angels to learn on the animal kingdom, flora and fauna!

SURE! WE MAKE OUR BEDS TOO!

At Shema school we teach our young ones handy home skills such as making the bed. Sounds easy right?

Well, the early moulding of the children begins here at Shema School: Building Blocks to Royalty!

And while at it we have some fun too!!

MAKING MUSIC, PAINTING OUR WORLD BEAUTIFUL!!!

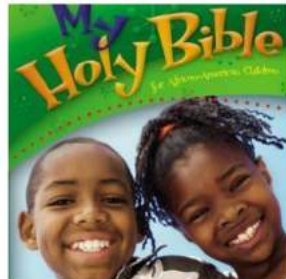

Music is intergral in the learning of our little ones. At Shema School we recognize the essence of nurturing our children's talents early enough because we are persuaded within our gates are the future Beethoven, Handel and other great musicians of our time. Just wait and see!! Great artists of all history are also nurtured right here at Shema School. We paint the world beautiful from the lenses of our amazing beautiful children. Without blinking an eye, we assure you the next Pablo Picasso and Leonardo Da Vinci is right here at Shema School.

HOME ECONOMICS & GARDENING AT SHEMA

At the great Shema school we say, it's never too early to teach our young ones life skills and in this way we make sure they are helpful at home too.

You can see the excitement on their faces during these practical lessons.

Great harvest by Shema kids

HOW EARLY IS TOO EARLY?

At Shema school, we believe in early talent discovery and that's why we foster every aspect of growth in the heroes brought into our school. From sports, to Music, to hand skills, the little ones are guaranteed to journey with us along an exciting path of self discovery. We prepare them to better face the future having as tools all skills that can be acquired!!!

SOMETHING FOR THE MOMMIES AND DADDIES TOO?

Yes pleaseee... Shema School recognizes the role of parents, guardians and care givers in molding our little ones and this is why, we hold during every term, multiple learning and sharing platforms that enable our parents and caregivers to build themselves and provide our children an enabling environment to grow beautifully into young adults.
